SMITH & GAETZ
The Hardware People

Makers of summer furniture have awakened to the finer opportunities for picturesque effect of color and designs and have evolved many splendid new pieces, which are doubly desirable for their beauty and comfort.

We have gathered together a nice choice selection of this furniture including those ever restful chairs and rockers, also table and porch swings.

We offer them to you at prices as attractive as the furniture itself.

Prices range from \$5.00 to \$8.50

Come in and inspect these goods at your leisure.

The Best Furniture Co., LTD.
Everything for the Home
51 FIRST STREET SOUTH RED DEER

GIRL WANTED.

Wanted, thoroughly capable girl. Apply Mrs. R. L. Gaetz, 6th Street North. May 20, 14.

TEAM WANTED.

Wanted, to purchase, a good team of ponies or light horses, at once. Apply P. BUISSEBRET, Alexandra Hotel, Red Deer. May 20, 14.

COW STRAYED.

Strayed from Red Deer, May 15th, blue and white cow, hornless. Fresh very soon; was dragging long rope. Apply G. A. MADDEN, 203 2nd Ave. S.E., or W. H. Hadley, News Office. May 20, 14.

MAINTAINED.

At Penhold, on Saturday, May 16, 1914, at the residence of Mr. and Mrs. A. Walker, by the Rev. C. W. G. Moore, Mr. James Craig, of Liverpool, England, to Mrs. Annie Bell Walker, of Eberts.

RUGBY FOOTBALL PRACTICE.

The Red Deer rugby football players had a good workout at the Fair ground on Friday night, and will no doubt make a strong showing in their match with Edmonton tomorrow.

Market

The Red Deer market on Thursday last was an improvement on the opening day. The consumers turned out in large numbers again, and the number of producers present made it look better than the previous week, but there is room for a great improvement yet. There was not much variety, butter, eggs and poultry predominating. There was a big demand for potatoes, but there were none on hand.

The prices realized were good, particularly the poultry, which does not appear to be any the cheaper for cutting out the middlemen. However, this should alter when we get more farmers in, causing more competition. It would be serving the public, too, if the fowl were gutted before offering for sale, for 30c or thereabout per pound is top much to pay for entrails.

Pine Lake Notes

May 14th, 1914.
R. Page was in Delburne on the 14th with two loads of pigs. Pigs are not so dear as they were, but this will possibly suit the consumer if it does not suit the producers.

Mr. and Mrs. Herbert were in town this week. Mr. Herbert was looking after the delivery of his steers.
Ed. Boote is road boss between Harrison's corner and the town line. Mr. Nason, the fishery inspector, was at the lake trying to look up old friends. He informs us that not more than 25 fish can be caught in one day by any one person.

A rumor went around this settlement for a little that crows and hawks were protected this summer, but on further information we understand that this is not so.

Pine Lake store is like the province, news and progress is not run for a hobby but as a business concern. Many settlers please note.

Messrs. F. and J. Ross are busy with their contract of painting the Glenalton school.
Francis Ross has been fixing up his motor boat for the summer visitors. He intends taking them up to the North End this summer to show them our pretty new school.

There is to be a dance at the Sandy Cove Hotel on the evening of the 25th. Ladies \$1.00, gentlemen free. Come to the old dance hall and have a good time with the girls of yours.

On the same date there will also be a football match between Edwell and Pine Lake. Pine Lake will have to look sharp, as the Edwell boys have been practicing hard. The Lake versus the country will also be the match played off at the game of cricket.

Mr. Cruickshanks and assistants are busy on Mr. Pope's new house. They intend to have it ready by the first of June.

All-Canadians vs. St. Luke's

The opening football match of the season took place on Monday night between the All-Canadians and St. Luke's teams, before a fair-sized crowd of interested spectators. The Canadians were first on the field, looking very smart in their new playing shirts of black and red circular stripes, with a large Maple Leaf in white, and the letter C in the centre. St. Luke's had a variety of colors, not yet having got their regular playing suits. A. R. Gibson had charge of the game, and called the teams to the centre promptly at 7.30. The game opened very brightly and the ball was taken up and down the field at a good rate, but with out any combination. The players on both teams were very energetic, but it could easily be seen that individual play would be the order of the day, consequently the play was very straggling, with St. Luke's doing most of the pressing and coming very near scoring on two occasions, but they could not do the trick. On the other hand the Canadians made a dash to the other end, and Markle scored the only goal of the half. The second half was much the same as the first, except that the Canadians did the most pressing, although St. Luke's imitated their opponent's work in the first half by breaking away, and Hopkins only missed scoring a goal by inches. St. Luke's tired very much towards the end of the game, consequently the Canadians were close to their opponent's goal for a considerable time, but they could not do the trick. St. Luke's tired very much towards the end of the game, consequently the Canadians were close to their opponent's goal for a considerable time, but they could not do the trick. St. Luke's tired very much towards the end of the game, consequently the Canadians were close to their opponent's goal for a considerable time, but they could not do the trick.

CATTLE SHIPMENT.

A splendid looking lot of steers, mostly two-year-olds, thirty of which were sold to Capt. Herbert, of Pine Lake, and twelve to G. Grimson, of Burnt Lake, were shipped from Red Deer on Friday last. They were in excellent condition, and Capt. Herbert's lot tipped the scales at an average of 1,277 pounds, and netted about \$92.50 per head.

Dominion Day Sports July 1st, 1914

The first general meeting of the July 1st Sports Committee was held in the Board of Trade rooms, Wednesday, May 13th.

Pine Chief Messrs. was elected Chairman for this year, and W. H. Hadley Secretary. The following committees were appointed, with the first named as chairman, and they are requested to get together and decide on amount of appropriation required before the next meeting, which takes place in the Board of Trade rooms on Wednesday, June 3rd, at 8.30 sharp.

Patrician—Fred Turnbull, John McLennan, L. J. Porter, Vic. Day.
Athletic—James Mann, Hamley R. C. P. Gee, W. J. Stephenson.

Baseball—N. Hamley, James Mann, A. Wylie.

Trap Shooting—Vic. Day, Dan Smith, J. M. Campbell.

Band—L. J. Porter, John McLennan.

Football—A. R. Gibson, R. Gee, W. H. Hadley, Jas. B. Baird.

Police—J. M. Campbell, P. Pidgeon.

Horse Racing—A. Wylie, S. I. Smith, P. Pidgeon.

Special Attractions—W. J. Stephenson, H. Wallace, J. M. Campbell, J. Mann, R. Gee.

Grounds—W. H. Hadley, D. Smith, P. Pidgeon, L. J. Porter.

Honorary Committee—W. J. Stephenson, A. R. Gibson, A. Wylie, S. I. Smith.

Subscription Committee—H. Wallace, J. M. Campbell, A. R. Gibson, W. J. Stephenson.

"A" Sqn. 35th C.A.H.

The Annual Training Camp will be held at Calgary, commencing June 16th, 1914. All young men of Red Deer and district wishing to go to camp must enlist now. Only four weeks remain for preliminary drill and preparation of equipment. Do not put it off, because only the best men and those first enlisted will be taken. Pay for camp is from \$2.15 to \$2.50 per day for man and horse—everything found. There is only room for a limited number; those enlisting first will get the preference.

The army will be "kitted" as a first class garrison before the fall, for the exclusive use of the Squadron.
Applicants will report to Lieutenant H. J. King, Lieutenant Milk, or to Lieutenant H. B. George, Bank of Montreal, or at the armory on Tuesday or Thursday nights after 7.30 p.m.
J. CARLYLE MOORE, Major,
O. C. "A" Sqn. 35th C.A.H.

Opening Game of Baseball League

With good weather, and a fair crowd, the City Baseball League was opened at the school grounds on Friday evening, between the School and Firemen. This same crowd, by the way, contributed about \$25.50 towards the expenses of the league. Of course it is nice to get such a large sum of money, but the boys hate to feel that they are robbing anybody.

It was the general opinion that the School would have an easy time over the Firemen, but the Firemen got up some good material, and until Dr. DeLong weakened in the 5th inning they had the best of the game. Lawson started on the mound for the School, and was pretty good until the fourth when the Firemen took over three runs. Smith then took his place, and was pretty tight, though he let one run in just to encourage the opposing side. This happened when J. Coghlin stole home with everybody watching him in the 6th. In the last half of the 5th inning the score stood 4-1 in favor of the Firemen, but Smith came through with a timely three-bagger, with two on bases, and scored the Firemen's hit. In the 6th the Firemen got two puting them again in the lead, but the School piled up 5 runs, mainly owing to Lawson's three-bagger, with two on bases. In the 7th and 8th the Firemen were blanked, while the School got one run, making the final score 11-6 in 9 innings. Lawson was the main run-getter for the School, scoring three, while Lund led with two for the Firemen. In the 6th D. Chadsey did the most of the protesting work of the game at shortstop, and Gully also grabbed what looked like a three-bagger. J. Coghlin and Lund for the Firemen made some good outlays.

The teams—
School—Lawson, p and 1b; Braton c; Smith p and 1b; Muldrew 2b; Gully rf; Chadsey ss.
Firemen—Dr. DeLong p and 1b; Ward c; Robertson p and 1b; Lund 2b; Mr. B. B. Gee of J. Coghlin rf; Karp; R. Malcolm ss.
Score by innings—
School 0 1 0 0 4 5 1 x—11
Firemen 1 1 2 0 3 0 2 0—6
N. Hamley, umpire.
The next game is played tonight, School vs. Clerks.

Tom Marks Coming

In "Peg O' My Heart," which comes to the Lyric Theatre, Saturday, May 23rd, we are to be entertained with a charming play in which Irish and English life is portrayed with a simplicity of treatment, together with a delightful combination of dramatic intensity and rich humor such as is rarely found in the latter day performance.

As the name indicates, "Peg O' My Heart" is an Irish play, rich with Irish humor, telling a story of a little Irish girl, who has been left an orphan through the death of her uncle, but she is not to receive the inheritance until she receives a proper training at the hands of her uncle's sister. It is during this training that the story is written round. The play deals with her first month among her rich relatives. From a poor girl she is raised to the heights of society, but this sort of life does not satisfy her; she wants to return to her father whom she has left in New York. Her legal adviser persuades her to try it for a month, and it is during this period that the fun occurs. All the essence of humor, chaste Irish humor, pathos, love and devotion is embodied in the role of "Peg."

Tom Marks, who is presenting this great success, has added another link to his long chain of successful achievements, and a company of merit has been engaged for this pleasing comedy. A full cast is carried by Mr. Marks. Prices to suit, 25c, 50c and 75c. Seats now on sale at Gaetz-Cornett's.

North Red Deer Council

The Council of the Village of North held its regular meeting on Monday evening last, all members present and Reeve Kent in the chair.

The following accounts were read and ordered paid: H. Goodall \$12.25, Wm. Rich \$9.50, Jas. Dalgleish \$16.50, A. Beart \$2.50, Wm. Sturges \$3.50, J. Campbell \$4.50, Geo. Mahen \$7.25, J. Beart \$14.30, Postmaster \$14.00, Western Municipal News \$2, Hawkins & Co. \$5.00.

A letter from the Director of Surveys, Mr. Charlesworth, was read, in which the Department of public Works informed the Council that the costs amounting to \$60.00 for approval of plan and registration of same of the proposed Maple Avenue would be waived. Secretary was instructed to acknowledge with thanks of Council.

Secretary was instructed to solicit further also to the said diversion from the L.I.D. to the north of the village and to write Mr. Arthur Rogers relative to same.

Secretary was instructed to have suitable time-sheets printed for use of village.

By-laws respecting the seal for the village and running at large of dogs were read first and second times, and, upon unanimous vote of Council, same were read the third time and passed.

Council appointed Monday evening, the 8th of June, as a special meeting for Court of Revision.
Appeals against 1914 assessment have been received from only a few ratepayers. The total of the 1914 assessment is \$652,645.00.

A petition was presented to Council signed by a number of residents of the village, protesting against the purchase of all of Block 8 and Lots 21 and 22, Block 24, North Red Deer, as desired by the Council, and for which the purchase of the same was being asked in the form of petition to be presented to the Minister of Municipal Affairs.

The petitioners were opposed to the purchase of these properties on account of the location, as well as the price, and recommended that unless a more favorable bargain could be obtained, that Council purchase from Chas. Robertson Lots 1, 2, 3 and 4 in Block 2, Forrestdale, almost directly opposite the site of the present municipal office building, for \$1,250. The petition was presented by Geo. Mahen, and contained a number of signatures of residents of who were not electors and therefore could not sign a petition for the purchase of any property.

The Council accepted the petition, and the petitioners were advised which is now being circulated being unable to obtain a majority of the eligible vote, the matter will be considered favorable. It was the wish of the bona fide electors will be sought in the manner authorized by the Village Act. The members of Council feel that the petition should have been voiced at an earlier date, when several opportunities were given all ratepayers to express themselves, and thereby save the expense of the ratenayer engaged to take care of the petition. The Councilors strongly recommended the purchase of the properties which the petitioners had upon after very careful consideration. The purchase of same by debentures would be extended over 20 years, and the payment of the same not more than \$300.00, with interest.

The Best Furniture Co. can furnish your home complete. They have the stock, and their prices are right.

What's the use of saving a few cents and ruining your watch?

If it is not keeping time it needs repairing—just the same as your body needs a doctor when you are sick. And like your body, unless it is doctored at once it will go permanently wrong.

ISSUER OF MARRIAGE LICENSES

Outstanding Features of Edmonton's New Charter

SUBMITTED TO COUNCIL LAST WEEK

Edmonton, Alta., May 14.—Government by elective commission, including the initiative, the referendum and the recall, the preferential ballot, the adoption of adult suffrage, and the elimination of plural voting on debenture issues, with alternative methods of electing commissioners and designated duties, are the outstanding features of the new charter submitted today to the city council of Edmonton by a special committee of that body.

The new charter, which is designed to make Edmonton "the freest city on the North American continent," will now be considered by a committee of fifty representative citizens, to be appointed by Mayor McNamara, acting in an advisory capacity with the city council. When this body makes its report, the charter will be submitted to a popular vote, and if successful it will be presented to the provincial legislature for enactment at the fall session, making possible the election of a board of five commissioners early next December.

The city of Edmonton has refrained for years from taxing anything except land; licenses are imposed only for purposes of regulation, and the municipal-owned public utilities, from street railway lines to telephones, are operated with a view to maximum service at minimum cost to the people. Land bears all the taxes, the valuation for assessment purposes this year being about \$190,000,000, against which there is a levy of 14 mills on the dollar. No franchisees are granted to independent companies. The municipality controls and operates all the public utilities, which, as a whole, are on a paying basis.

While the capital city of Alberta has always been characterized by advanced legislation in respect to its municipal affairs, it has not yet broken away from limiting the vote on debenture issues to land-owners only. It permits plural voting on all such measures. This city, which disdains to levy a tax on improvement of any kind or upon personal property, and which refuses to impose licenses for revenue, grants four votes on questions of debenture issues to a citizen whose land holdings are assessed for \$10,000 or more, while his neighbor is given only one vote in the event his assessments are less than \$1,000. Land holds, whose property assessment is between \$1,000 and \$5,000, have two votes, while he whose assessment on land holdings is between \$5,000 and \$10,000, votes three times. A citizen who owns no land has no voice on questions of capital expenditures. Elimination of this system of plural voting is provided by the proposed charter. It is on this point that those advocating the new

forms of municipal government expect the most strenuous opposition from a large percentage of plural vote citizens.

Another feature of the new charter is: Election to specific office by preferential ballot, permitting, first, second and other choices. The preferential ballot of two choices, as was incorporated in the proposed charter for the city of Minneapolis last summer, promises to be a keen competitor of the Bucklin form for the consideration of the Edmonton citizens' committee.

The new charter provides that the chairman of the commission board, chosen at the first meeting after election, be ex-officio mayor. The term of office of commissioners is fixed at four years, with election every two years. The compensation is \$5,000 a year. Adult suffrage at elections is another innovation of the new charter. It appeals strongly to local suffragettes, who are well organized, and are now circulating petitions to municipal and provincial authorities, requesting the ballot.

Ald. James East, chairman of the elective commission charter committee, said today in an interview: "While the drafts of charter include no provision for civic service, our committee has recommended some form of merit system to the consideration of the augmented committee."

"Speaking generally, the new charter refrains from disturbing any provisions in the Edmonton city charter which may have been found satisfactory in the past. The proposed charter eliminates the city council and provides that city commissioners be elected."

"We have also added a number of safeguards to our public utilities and franchisees are strengthened, making it more difficult for private interests to secure any of them."

W. H. Todd, secretary of the committee which was appointed on February 10 to gather data and information for the consideration of the provisions of a new charter, has letters from officials of more than 300 cities where the commission form of government is in operation, also 700 letters from representative men in all walks of life, dealing directly and comprehensively with the subject from all angles.

"The document submitted to the city council," he said, "embodies the best features of many tested charters, also a number of innovations, which the members of the elective commission charter committee believe will appeal to the voters of Edmonton."

Henry J. Roche, secretary of the Civic Government League of Edmonton, which originated the campaign for government by elective commission, predicts that the new plan will carry by three to one when the popular vote is taken next September or October.

ALBERTA'S OIL LURES INVESTORS

British Company Would
Spend \$2,000,000 in
Thorough Search
Up North

Ottawa, May 11.—An order-in-council has been passed extending for another period of fifteen days, the time for the payment of rights to petroleum and gas lands in townships 70 to 74 inclusive, range 26, west of the 4th meridian. Hon. Dr. Roche states in connection with this further extension that representations have been made to the department that a number of applicants have been for some time negotiating with an influential British company for the development of the areas for which they have applied; but that there would now appear to be every prospect of this British company being induced to venture the very large sum necessary to prospect that remote district.

This company would be willing to expend \$2,000,000 in a systematic and exhaustive search for petroleum in northern Alberta, providing the negotiations which have for some time been pending can be brought to a successful issue.

TAMPICO FALLS BEFORE MEXICAN REBELS ATTACKS

General Exodus of
Foreigners Began
When Report of the
Final Assault Came

Vera Cruz, May 13.—The fall of Tampico and what it may mean is the subject of general discussion here. It is learned that the rebels delivered a determined attack on the port beginning at 4 o'clock. The federal advance posts were driven in and until noon desperate firing was continued.

In what direction the federal army was evacuating the town has not been learned, but it is believed that the rebels have overrun the territory around San Luis Potosi and Monterrey, which would make federal escape in that direction possible only by a continuous running fight for many miles.

FOREIGNERS LEAVE TOWN.

Few, if any, foreigners remain in Tampico, according to reports received here. A general exodus began when the news spread that the rebels were preparing for a final assault. With the fall of Tampico hostilities on the Gulf coast of Mexico came to an end, at least for a time.

The federalists are maintaining the armistice so far as the Americans are concerned, according to a note from General Rubio Navarrete, published here today. No news has been received from Tampico, except at Tampico, are there more than scattered posts of federalists or rebels, and the logical movement of the victorious rebels from Tampico would be to join forces with those besieging San Luis Potosi.

South of Tampico, the nearest federal forces, those on the Mexican railroad, are merely holding out posts against a possible American inland.

The rebels first attacked Tampico last December, since when fighting has been continuous.

Why Shouldn't You Feel Good?

Too many of us OVERLOOK health happiness in this world.

We grow careless about the MINOR ills of life and rarely experience the JOY of living.

The average man or woman cannot conscientiously say that he or she feels FIT and WELL every day in the year. Modern methods of living are against good health—and render us peculiarly susceptible to Indigestion, Dyspepsia, and Bilelessness.

Our stomachs are always bothering us. We grow accustomed to feeling wretched—but not sufficiently wretched to bother the doctor.

But there IS a cure for this wretched feeling. Take 15 drops of Mother Selge's Curative Syrup. This great English remedy brings QUICK relief to the disordered stomach.

It restores the digestive organs to normal action and keeps them in a healthy condition. It is almost purely herbal—Nature's own remedy for sick stomachs.

Get Mother Selge's Curative Syrup. Take it regularly—the note the improvement in your health.

Price \$1.00. Trial size, 50c. For Sale by

GAETZ-CORNETT DRUG & BOOK CO., LIMITED, Red Deer, Alta.

One very popular model is the STANDARD NORFOLK WITH YOKE, two inch pleats and three buttons and is very dressy.

Another model is the three buttoned Sack with medium shoulders; semi-English style, which is bound to be largely worn.

"FASHION CRAFT" Clothing has so many points of superiority to other lines of clothing, which points are so well known that it is unnecessary to mention them again here. Drop in and we will show you the new styles.

MEN'S SUMMER UNDERWEAR

Penman's Spring Needle Knit in fine ribb, Special at 65c.

Flat Knit Balbriggan, very serviceable goods, Special at 50c.

U.F.A. HOG SALES TOTAL \$40,000

New Co-operative Selling Department
Does Considerable Business
First Month

Edmonton, May 13. The new co-operative department of the United Farmers of Alberta, which was authorized at the Lethbridge convention of the farmers, and which is to be run in connection with the Farmers' Elevator company, has been in operation a month.

During the last 30 days the department has handled 38 carloads of hogs for the members of the farmers' organization. The hogs came from every direction within a reasonable distance of Calgary, and were sold for about \$40,000. On these sales the department charges a commission of five per cent. The revenues from commissions were a little in excess of \$2,000, which would indicate that the department will be much more than self sustaining.

The manager of each local elevator acts as the department's representative.

A small number of cattle have been

handled on the same basis, but the hogs constituted the principal volume of business. The livestock is all being handled through the Calgary livestock yards, and practically all of the hogs were shipped to the Seattle markets, although there were several small shipments east. When the department becomes fully organized it is proposed to sell everything that the farmer grows. While it is proposed to make the selling and the big feature, the department also proposes to act for the members of the farmers' organization in the matter of co-operative buying.

This end of the undertaking has received some attention. Lumber, coal, flour and fence wire are being supplied to the farmers. The department has entered into an arrangement with the British Columbia Co-operative Fruit Growers' association, a producers' organization, to buy fruit for the members of the Alberta farmers' organization at a figure which will eliminate the middle man.

T. A. GAETZ

JNO. A. CARSWELL,
Editor and Proprietor.

The striking of oil south of Calgary will be a great boon to that city, and will bring a great deal of business to the province generally. All reports speak of the discovery as genuine and the sample of oil as very high grade.

Many people have contended it is only necessary to bore deep enough to get oil in this part of Alberta and Calgary is to be congratulated on having men of vision and energy and enterprise enough to carry out this idea. The grusher puts an enormous price tag on the idea, but it makes oil a reality. Although the well is thirty miles south of Calgary, it is financed by Calgary men and Calgary enterprise carried it out to a logical conclusion, and to Calgary belongs the credit.

We must not forget, however, that the Deer district, has had some eyes on the prize for some time. It is now to see a company formed to look for oil here. Fred Krause, the land, west of the city, bore every indication last year of oil, and the matter should not be allowed to drop but be pushed for all it is worth. There are also indications in this city that look good for some people and it is worth while to investigate.

The School Board is again discussing the advisability of purchasing additional school grounds, the proposed property to be north of the present central school. It was also suggested to build the proposed high school building on this new ground. We believe this would be a mistake. The present central school building is a high school as first mentioned, it was proposed to build it in the south end of the city, or to use the present building for a high school and build a public school in the south. We see no reason for changing this plan. Before the Board takes any action in such an important matter we should have the facts carefully ascertained. As the city grows, it is bound to grow south, and it is not fair to the south end of the city to have the school buildings located in the north. There can be no harm in purchasing additional ground for the purpose of giving the children sufficient playgrounds, and the location of the grounds should be laid over for future consideration.

"Professional agitators, connected with the Independent Workers of the World, are directly responsible for the large influx of unemployed laborers in Edmonton at this time,"

the Edmonton Industrial Association of that city, last week. "These fire insurance brands are doing everything possible to embarrass our city and provincial authorities," he continued, "but these officials are determined that the experiences of cities in the United States and elsewhere shall not be repeated here. We have never invited or encouraged unskilled laborers or artisans to come to Edmonton, unless they desire to engage in farming, either as laborers or settlers. We have offered to place 1,000 men on farms in central Alberta at once, but that is not what the ring leaders of the I.W.W.s want. Their sole aim and purpose is to 'start a trouble and nothing else will do.'"

May 23rd, 25th, and 26th, '14

A regiment of horses is stabled on the Edmonton Exhibition Grounds—a regiment of horsemen are bending every energy toward fitting their horses for the Spring Race Meet, May 23rd, 25th and 26th.

From five to ten o'clock "in the morning are the favorite "working out" hours, but almost any hour of the day visitors to the grounds will find the little slender-legged horses skimming around the track.

The track is in excellent condition—couldn't be better horsemen say. A sprinkler has been secured from the city to keep the track and roads on the grounds Grand in good condition and the constant use of California harrow keeps a soft cushion on the surface of the track, just enough to insure easy travelling for the horses.

Even the weather man has been kind to the trainers; spring has been ideal, rain practically never interfering with the training.

Distance has been no barrier to the occupants of the stables. Foe man and Viso, two three-year-olds arrived last week from Ireland to join the string of J. F. Ferguson of Saskatoon. Otto Rice is bringing one running horse from Juarez, Mexico.

New Brunswick, California, Spokane, Seattle, Portland, Idaho, Montana, Michigan, Saskatoon, Calgary, Waskiwin, Vermilion and Battleford have all sent their representatives to join the local force.

J. I. Dompier, of Edmonton, has been training Dr. B. P., who paced some heats in 2.10 or better than all the other pacers in Western Canada. 2.08½, 2.08½ and 2.09½ being his mark. Dr. B. P.'s performance at Prince Albert, when he made the world's record on June 3rd, 1913, is fresh in the minds of racing enthusiasts, who will anticipate with interest his appearance on the track at the opening meet of the racing season.

In the Girvin string is Dottie, the running mare formerly owned by Roed & Meyer, of Calgary. Dottie is famous all over Canada, and is prepared to add new laurels to her crown at the spring meet.

Alphodel, king of the Vance string, has been racing steadily for a year. Winter's cold brought no respite to him, for he raced on the ice in Ottawa and Montreal. Alphodel holds a record of 2.14, and was second in the race when the world's record was broken at Portage la Prairie. Alphodel's owner claims that he is going to be second to

**Measure Approved by the
Upper House Provides
Penalty Not More Than
\$100.**

Ottawa, May 13.—The senate today gave consideration of the bill to abolish tipping. Senator Davis said he thought there should be an amendment which would make a distinction between the penalties applied against employer and employees. He would not like to see a boy or girl who took remuneration for helping a rich person in the hotel fined twenty-five or fifty dollars or a term in jail. If employers were under penalty they would see their employees took no tips.

It was pointed out that the fines were in the discretion of the judges. They could make the penalties to suit each case. The bill only said that no fine should be more than \$100. The waiters were in favor of the bill. In Winnipeg and Montreal they had formally expressed their approval of the bill.

Senator Bernier doubted that parliament would add to the direct by enacting such legislation. He thought the law could not be enforced. He proposed restrictions of liberty, and he asked if the bill would extend to church collections or increase parliamentary indemnity.

On motion of Senator Davis, the act was amended by declaring it should not apply to servants in private residences."

The bill was approved and reported, and set down for third reading tomorrow.

none at the spring race meet.

Included in the string brought by "Dad" Leavitt from St. Joe, Ill., are Jungle and Esther L., sired by Salvador, holder of the world's record at 1.35. So positive is Jungle's owner of her success that he has stabled her in stall No. 13 and will prove there is no hoodoo about the number.

The holidays rates on the rail ways in connection with Victoria Day will be an advantage in facilitating out-of-town enthusiasts to spend one day or those at the spring meet and a large attendance is anticipated.

EDITOR TUCKER OF "OIL RECORD." ENTHUSIASTIC.

J. L. Tucker, of the Oil Record thus writes of the strike in his publication, which was issued today: "Barrels of oil in 'Discovery Well. Almost pure gasoline, 65 degrees baume, struck at 2,738 feet. Big gas flow with the oil and it may work itself into a gusher; 500 feet of oil in well at quitting time." Strike means millions to Calgary and Alberta.

HOW IT HAPPENED.

"The expected has happened! There is oil in 'Discovery Well.' Not simply oil traces, but barrels of almost pure gasoline. A most phenomenal show ing and one that means millions to Alberta.

"This is how it happened. A
about 5 p.m. Head Driller Hovis be-
gan to see traces of raw gas, and
just the day before Chapin's name in
and Hovis bet him a box of cigar
that the next bailer would contain
oil, and sure enough it did, but the
didn't believe it until they dumped
the bailer in the sluiceway and then
behold, they saw about half a barrel
of oil go down Sheep creek. The
came the bailer down again and
it came up full of oil. Chapin's
eyes stuck out so far that you could
have knocked them off with a base-
ball bat.

"The next time the bailer was let down it was stopped 30 feet from the bottom and it came up full of oil. The next time the bailer was stopped within 150 feet from the bottom and came up full of oil.

"When they stopped work for the night the oil had risen to 500 feet.

"Director Chapin and J. H. Kelsa were interviewed at the bungalow and the above facts were related by producing and showing quantities of the oil.

"Many automobile parties were met on the way back.

"A truck load of this oil will be on sale at Chapin's garage Saturday morning.

"The Oil Record has persistently predicted that oil would soon be discovered at this well and congratulate the citizens of Alberta in having men in Calgary who had the nerve and money to push the drilling to a successful end."

C.N.R. Arbitration Settled

The arbitrators award in the C.N.R. and Mrs. Moore estate arbitration to the value of lands taken by the railway company for entrance and outlet from Red Deer has been settled. The arbitrators costs of \$1385 have been paid by the railway company.

The award is a unanimous one being concurred in by Judge Lees and E. B. Welby, Red Deer, and James Smith, Edmonton, the three arbitrators. The Mrs. Moore estate was offered by the company \$448.50 for right-of-way covering certain portions of the northwest quarter of 21-28-27, North of the river, for which the arbitrators allowed \$1500. \$150 was offered for the portion required in the north east quarter of the same township, and the arbitrators allowed \$1500; and \$1100 was offered for the part required in the south west quarter for which the arbitrators allowed \$2700. For the 66 foot strip through blocks 2, 4, 6, and 7 in Addison Heights, and 132 feet through block 3, the arbitrators awarded \$4000 where the company offered \$600. In all, the Mrs. Moore estate is granted \$9500, where \$2850 was offered. The costs of arbitration are to be borne by the company.

Red Deer Students

Successful

The results of the final examinations of the University of Alberta were announced last Wednesday. Students are grouped in three classes, according to marks. Above 85 per cent. is first class standing; between 65 and 85 per cent. is second class standing, and between 50 and 65 per cent. is third class standing, or pass. The results for Red Deer students are as follows:

In third year Arts Class, Brenner took second class in Biology, Geology, History IV, and third class English and History V. W. L. Smith took third class in Sciences, French IV, and Geology. Chas. Carswell took second class in Biology, Geology, French IV, and third class in English, and History IV. In Science second year Arthur Carswell took second class standing in Analytical, Geometry, Calculus, Mechanical Drawing, Surveying, and third class in Graphical Statics, Materials of Construction, Mechanics, Mechanics of Machines and Physics. Leo Brown, in second year Science took second class standing in Analytical, Geometry, Mechanical Drawing and third class in Mechanics, Mechanics of Machines, Physics, Surveying, both took first class honors in Survey School.

In first year medicine, Robert Hewson took second class standing in Biochemistry, Chemistry, Physic Lab, Zoology, and third class standing in Latin and Biology.

In Science, first year, Clarence Markle took first class standing in Geometrical Drawing, Freshman Drawing, and Lettering, Mechanical Drawing, and Survey School second class standing in Geometry, Mechanics, Physics Lab, Descriptive Geometry, and third class in English and Physics. Bert Miller, second class standing in Geometry, Descriptive Geometry, and Survey School, and third class standing in Geometrical Drawing, English, Freshman Drawing, and Lettering, Trigonometry, Mechanics, Mechanical Drawing, Physics Lab., and third class in Algebra and Mechanics. First class standing requires 85 per cent., second class standing 65 to 85 per cent., and third class 50 to 65 per cent.

L. I. D., No. 401

The third annual meeting of L.I.D. 401 met in McKinnon Bros. Hall, Leducville, on Wednesday evening, May 13th, 1914. The following were present: E. O. Wright, chairman, Div. 1; A. Harvey, Div. 3; S. Godkin, Div. 4; B. F. Austin, Div. 15; E. J. Graham, Div. 6.

Minutes of previous meeting were read and passed. Communications were read and ordered filed.

On motion of A. Harvey and S. Godkin that the Secretary write the Manager of the Merchants' Bank stating that the Comptrollers do not wish to accept the conditions of proposed loan. Carried.

Also wrote W. H. Mohring, that be cause of our inability to secure a loan we shall be unable to take care of our share of proposed work on road leading to Rocky Mountain House. Carried.

On motion of E. J. Graham and S. Godkin that in future no iron culverts may be purchased, except by vote of Council. Carried.

On motion of E. J. Graham and A. Harvey that bills and worksheets be passed as read: P. A. McGill \$2.50; Foreman & Cammerford, 2 scrapers Div. 6, \$19 McKinnon Bros., stationery \$2.25; E. J. Graham, Div. 6, \$25; E. O. Wright, Div. 1, \$40; Stamps \$20; A. N. McKinnon \$100; R. Eckford, returning Officer Div. 4, \$10; Oliver Typewriter Co. \$105; Express on typewriter \$5.40; Can-Ingot Culvert Co., Div. 2, \$43.70; Western Municipal News, cash book, \$4.28; The Guide, \$23.28.

Worksheets—Division 1, \$79.80; Division 3, \$28; Division 2, \$34.61; Division 6, \$37.10.

Moved by A. Harvey and E. J. Graham that the Secretary advertise the meeting to be held by Mr. Stevens, Live Stock Commissioner when we receive word from him, when he shall be here. Carried.

Moved by A. Harvey and E. J. Graham that we adjourn, and that Council meet again on Saturday, July 25th, at usual time and place. A. N. McKinnon, Secretary-Treasurer.

W.C.T.U. Column

(Contributed)

The third annual convention of the Women's Christian Temperance Union of Central Alberta convened in Camrose, May 7th and 8th.

Throughout the whole convention great enthusiasm and optimism prevailed. The different papers which were read showed careful preparation, and the discussions that followed each paper were helpful and instructive.

As space will not permit of a lengthy report, a few only of the important points may be noted. Mrs. Ayres, of Olds, read a paper on suffrage. She said her purpose in speaking on the question of suffrage was to show that it was possible to overcome a little of the very natural womanly prejudice against the ballot. Some people tell us we shall soon have all the desired reforms without the ballot. This may be true, but why should reform be hindered? If women by means of the ballot can bring reform about more quickly, why wait? We are accused of not being able to cope with weighty problems. Surely women are of equal intelligence to the man who holds odd jobs around our houses. He has the franchise. Should reform be hindered? If women can make the laws that govern our children. Which knows more about the needs of our children, the street loafer or the pure-minded, educated mother?

Throughout the States prohibition and general house-cleaning have followed suffrage. If we wish any change made in our laws we have to petition. We have to petition where we ought to legislate. Very recently Viscount Haldane said the country was approaching the time when it would have to deal with class problems, in which the co-operation of women had become vital. The question of the birth and death rates were part of these problems. Much of the want of attention to social problems had been brought about, he concluded, because women had no direct means for exercising political power. The paper on anti-cigarette, by Mrs. Dunn, was interesting and instructive. Young lads become addicted to the use of the cigarette, with the result they are stunted physically, their mental development is retarded, the moral results tend downward, and they are prone to deception. In the manufacture of the cigarette three ingredients are used, each harmless in itself, but when burned together produce a deadly poison.

In the discussion on scientific temperance, it was stated that temperance was not taught in the schools for a separate branch, and no examinations were given on the subject. The convention decided to try to introduce essay contest work in the schools. This has been successfully done in some States in the Union. Books of reference to be supplied to the teachers, and after time given for supplementary reading, the pupils be asked to write essays.

The rally meeting Thursday evening was well attended. It was addressed by Mrs. McKinnon, provincial president. She spoke on "Some things that hinder prohibition." She said the subject was not of her choosing; she did not like to speak on that phase of the subject, but rather on the things that were helpful, but that it was well to look on the subject from every viewpoint.

There are three things that hinder prohibition—first, human appetite; second, human greed; third, human indifference, and underlying all this, human selfishness. The drunkard is not the greatest hindrance to the temperance cause, but rather the man who does not acknowledge that he is the victim of temperance. The temperance people are not afraid of the enemy; they are not afraid of human appetite; but they are afraid of human greed. What causes human greed?

First selfishness, and second lack of knowledge. It is necessary to teach positive truths about the nature of alcohol, and the nature of the traffic. The fact was emphasized that this was everybody's war. Everyone should feel their personal responsibility. Don't be afraid of getting under the burden. The man or woman who deserves contempt is the one who refuses to do anything. If man would only realize the importance of this movement, they would send representatives to parliament who would push this matter along. She closed her very eloquent and forceful address with the words: "This thing is wrong and it has got to go."

A very interesting paper on amusements for the Y. was read by Miss Hartman, of Olds. She said that the amusements should be profitable and such as would tend to develop the intellectual as well as the physical. She urged the members to make the homes pleasant and attractive, and spoke of the benefit of reading aloud, the books to be well chosen—also music, choruses, games, etc., were pleasant forms of recreation. Mrs. Martin's paper on "How can my Union best help in the prohibition campaign" was very suggestive. She said we must pray, educate and agitate. The women must remember that this is a Christian Temperance Union; that it is the Lord's work. She emphasized the influence of the press, and asked the Unions to obtain, if possible, a column in the local papers and see that sufficient material be sent to the press regularly. She said to write to some reliable person in towns where prohibitory laws are in force, and get an unbiased statement of the effect of such laws. Don't be afraid to solicit subscriptions for this work,

and be willing to pay the expenses of good speakers and plenty of them to help along the cause, and do this work in a living Christian spirit.

A very excellent paper on "Weak points in our W.C.T.U.," and how to overcome them," was written by Mrs. Daunt of Didsbury. She said the needs of the Union are preparation, consecration, co-operation, and conservation of force; and Christian perspective. Its purpose is a trained motherhood, Bible teaching, soul winning, heart cheering, Christ-like living and gospel temperance preaching. The first essential towards overcoming weak points in our W.C.T.U. is a vision of the need of deep spirituality.

We must have interested officers and superintendents of departments. The officers must have good executive ability. There must be punctuality and a prepared plan on the part of the leader, as well as the strictest promptness on the part of officers and members at the appointed hour of meeting.

We must not be easily discouraged, and be able to distinguish between helpful and selfish social interests; not shrink from duty by pointing out that others can do much better, or be too busy to come to the meetings.

A gold medal contest was held on Friday evening. The contestants were Bessie Dale, Red Deer, Mildred Hall, Olds, Ivy Ramsay, Wetaskiwin, Evelyn Wilson, Innisfail, Mable Poole, Wetaskiwin, and Edna Reeves, Lacombe. All of the contestants gave evidence of careful preparation. The gold medal was awarded to Ivy Ramsay.

The district officers for the coming year are:

President—Mrs. E. M. Sharpe, Lacombe.

Vice-President—Mrs. E. Graves, Red Deer.

Cor. Sec.—Mrs. Hughes, Olds.

Rec. Sec.—Mrs. A. E. Keast, Innisfail.

Treas.—Mrs. Pallard, Camrose.

A BATTLE WITH APOLOXON.

The reform drunkard, John B. Gough, who became the great evangelist of temperance, kept his freedom from drink at the cost of continual torture. To its twelfth intensity an old friend, with whom he made his home whenever he visited Chicago, bears witness. The story contains not only a vivid warning against drink, but a hopeful illustration of the victories that, with God's help, a strong man can win.

"One day I found Mrs. Gough sitting by the window, holding her newspaper upside down. Mr. Gough was lying on the lounge on the other side of the room with his face to the wall.

"What's the matter?" I asked, in alarm.

"What makes you think anything is the matter?" Mrs. Gough asked.

"With a gesture I indicated her newspaper."

"On, there is matter!" she cried. "Go to John!"

"I sat down by him and began to talk to him in a low voice, while I smoothed his hair, as he loved to have me do because it soothed him. I reminded him of the good that he was doing, of the thousands whom he had redeemed from drink and of the families that he had made happy."

"All at once he turned over and looked at me. I hardly knew him. His eyes were sunken, his face was covered with little, fine wrinkles, his skin was ghastly gray."

"When he spoke with the deep voice that so thrilled his audiences: "Do you believe I love that woman over there by the window?"

"I have never doubted it," I answered.

"Do you believe I love you?" he asked.

"It is one of the chief joys of my life to know that you do," I said, with a lump in my throat.

"Then if you want to know how I feel," he cried, "it is this way: as if I'd see you both in hell it would only be right for me to take just one drink!"

"Such an extremity as this can the morbid craving for drink temptation even a good man. That temptation came upon him now and then with awful force. He heart-breaking to see him. At such times he never dared to be left alone. Once when he was thus attacked by temptation at a hotel away from his friends, he knocked the door of the room and threw the key out over the transom.

"Once the devil gets a clutch on you he never lets go," he said. "God save our young men from thinking that the habit of drink is a little thing!"—Youth's Companion.

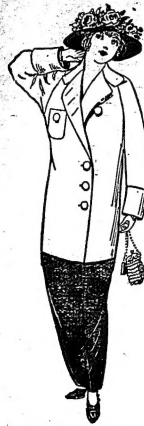

SPANIARD "GAG" BOBS UP AGAIN

Ottawa, May 11.—W. H. Martin, 178 Wellington street, received a Spanish prisoner letter this morning and wondered how on earth those fellows in Madrid got hold of his address.

The particular Spanish prisoner, who marked down Mr. Martin as his intended victim, says he has \$480,000 in America, and he offers Mr. Martin one-third of it on condition that he will go over to Spain and pay the expenses of the prisoner's trial.

Of course, this Spaniard has a "daring daughter." This lady is part of his stock-in-trade. He also has some romantic notions who take a foreign delight in putting him in a loathsome dungeon. He is in a dungeon now, he says, and if Mr. Martin wants to get him out, he must enable to "Juan Loma, Alvarco de Castro, 5 Tiendro, Cerecha, Madrid."

SPECIAL DISPLAY OF Midsummer Millinery: THURSDAY, MAY 21st

To-morrow the fashionable Summer Hats will be blossoming throughout the Millinery section, and there will be no dearth of styles at any time of the day

Among the most popular is the Plateau, or flat topped shapes. These take many forms. The Walteau models tip up on the side to almost an absurd angle. The Gipsy-like forms coming flat over the forehead in front, with high bandeaus at the back. The bandeaus, especially at the back, are heavily trimmed, with combinations of flowers, ribbons, velvet and broad ribbon, and others malines alone in toning color, with the other trimming is used in thickly puffed masses to fill out the space. The side bandeaus run more to flowers, with the ribbon or velvet in very flat loops. Quills and wings are extensively used. Quills are placed at the most eccentric angles.

Splendid assortment of the ever popular PANAMA HATS in large and small shapes, priced from

\$5.00 to \$10.50

LOCAL AND GENERAL

The first logs of the Great West drive have entered the canal.

Blackheads have invited Red Deer to send a football team up on May 25th.

R. C. Brumpton, of Victoria, B.C., is in the city for a few days on business.

S.O.E. meet tonight at 8 sharp. Business, initiation and social. Be on time.

John Hocken, of Pountainstown, spent the week end in the city on business.

The ladies of the College staff will receive on May 22nd, and not again this week.

Mr. Adams, postmaster at Horse Guards, was a visitor in the city last week end.

Monday, May 25th, being a Dominion holiday, all the stores in Red Deer will be closed.

Fred Lund, of the Red Deer Gun Club, shooting at Calgary last week, killed 48 out of 50 birds.

Mrs. C. B. Schulz and baby left for Bellingham, Wash., last week for a holiday trip.

Stuart Kidd, of the Branson Collieries, returned to Red Deer on Friday last from a business trip in the east.

The Right Reverend Dr. Pinkham, Bishop of Calgary, will hold a confirmation in St. Luke's Church on Sunday next at 7.30.

Mr. Bucknell, of Calgary, Provincial Secretary of the Retail Merchants' Association, is in Red Deer for a few days on business.

Mr. and Mrs. A. H. Francis returned to Red Deer on Tuesday last from Oatton, Alta., where they have been for the past ten months.

Trade off your old furniture for new. Will allow you a good value on your secondhand furniture.—N. White, Secondhand Store.

E. Michener, M.P.P., and E. M. McDonald, of Lacombe, will address a meeting on provincial politics at the Asquith school house on Friday night.

J. A. Carswell, E. Wilton, and F. Billingshurst have been elected lay delegates from St. Luke's parish to the Diocesan Synod in Calgary on June 16-18.

Have you seen the choice line of discounter the Best Furniture Co. are showing? All open stock. Patterns from which you can buy just what pieces you require most.

The Catholic ladies of Red Deer intend holding a ten cent tea and sale of home made bakery, Saturday, May 23, at the home of Mrs. J. E. Carroll, 222 Second St. South, from three to six. All are invited to attend.

Vic. Houde has purchased a classy mare, Lady Halford, in Edmonton. She has done a mile in 2:18, and the last quarter in 32 seconds.

She is entered in the \$1,000 stake race at the Red Deer Fair in the 2:30 class.

Mr. Thos. Bell and his daughter, Miss Goldie Bell, commenced a series of evangelical meetings in the Tabernacle at Stettler on Sunday last. The meetings are under the auspices of the Pentecostal Church of the Nazarenes, and will probably continue for three weeks.

What is practically a Provincial School Sports Day will be held at Oils on Monday, May 25th, and will consist of athletic events, basketball, etc. Red Deer schools will be represented by a strong basketball team, and four or five entries for the athletic events. It is also understood that the Ladies' College will send down a basketball team.

Miss Stent is, we are pleased to say, recovering nicely from her recent operation and is now out of danger. The case was a very rare one, and one of the most serious ever performed at the Red Deer Hospital.

Dr. Parsons is to be congratulated on the success of his operation. The special care by the efficient hospital staff had something to do also with the result of the case.

Mr. and Mrs. R. B. Welliver, accompanied by Mr. and Mrs. T. A. Gaetz, took a motor trip through the east district the latter part of last week, arriving in Red Deer again on Sunday night. Their trip took in Lacombe, Stettler, Brankine, Castor, Coronation, Halkirk and Veteran. They report the roads good and the hotel accommodation first class, away ahead of anything in Red Deer.

Mr. W. Gooder, who sings at the Knox Presbyterian Choir Recital, Friday evening next, is a singer of long experience, having been soloist in St. John's Church, Rostick, Yorkshire, for eleven years, and also with the Glen and Madrigal Club of Brighouse, Yorkshire, which club had a high standing in the competitions of that part of the country. He is a pupil of Prof. F. Rayner, and shows careful training, both in tone production and enunciation. Every music lover should hear him.

Mr. Frank Henderson, who is to play at the Knox Presbyterian Choir Recital next Friday evening, impressed Earl and Lady Minto when they heard him play in Calgary on their last visit to that city that they took him to Ottawa and gave him the best tuition in the city. He also played before Miss Marie Hall, the celebrated artist on the violin, who on her return to England sent Mr. Henderson a magnificent violin, which he will use at the choir recital. Those who come to hear Mr. Henderson are assured of a treat.

Get it at Best's. Everything for the home.

Boys—Get your fireworks for the 24th at Gaetz-Cornett Co.

The doll sale at Braden's last week was a great success.

If you get it at Best's, it's good. The Best Furniture Co. do picture framing and do it right.

The fishing season opened on May 15th, and quite a few fish have already been caught in the creek and river.

St. George's Church, Penhold, on Sunday, the Bishop of Calgary will preach and administer Holy Communion. The service will be at 11 a.m., and not as usual, at 3 o'clock.

The United Willing Workers of the Presbyterian Sunday School will hold a sale of home made cooking and ten cent tea in the Church Hall, Saturday, May 23rd, from three until six o'clock.

Special offer for the next thirty days. Will trade your new furniture in place of your old. I have a fine line of new furniture to select from at most reasonable prices.—N. White, Secondhand Store.

The Fire Brigade were called out on Saturday afternoon last to the Ladies' College to subdue a prairie fire which had got too much for the fire engine on the sidewalk.

The ladies' smiles helped the Brigade considerably.

Nazarene Church, foot of Ross St. W. B. Tait, pastor. Preaching Sunday at 11 a.m. Sunday School at 12 m. Song service and prayer at 7.30 p.m. Prayer and praise service Wednesday at 8 p.m. All welcome.

The annual church parade of Lodge Red Deer of the S.O.E. Benefit Society will take place to St. Luke's Church on Sunday, May 24th. All members, financial and honorary, are requested to meet at the Parish Hall at 10.30 a.m., if it is at all possible for them to attend.

The Calgary Salvation Army Band, consisting of 35 players, will visit Red Deer on Saturday, Sunday and Monday next, May 23, 24 and 25. They will be officially greeted on Saturday evening at 7.30 by the Mayor at the corner of Gaetz and Ross Street. On Sunday they will hold special services in the Lyric Theatre at 11 a.m., 3 p.m. and at 7.30 p.m. They will also give a band concert in Gaetz Park, Monday, 25th, at 3.30 o'clock. There will be a band festival in the Lyric, Monday evening, with an admission of 25 and 50 cents.

Obituary Notices

Mrs. Jennet Fallow, widow of the late J. G. Fallow, of Red Deer, died at Calgary on Sunday, May 17th. The deceased lady had been in poor health for some time, and was at Calgary consulting a specialist, and had the intention of going on to Banff with the hopes of benefiting her health, when she passed away.

The body was brought up from Calgary on Monday evening's train, and taken to her late residence in North Red Deer. The funeral took place yesterday afternoon at 2.30, the Rev. W. G. Brown officiating. The pallbearers were the same as carried her husband to his last resting place. She was conscious almost to the last and left instructions for the carrying out of her wishes.

The death occurred early on Wednesday morning last of Helen Louise Parke, aged five years and two months, youngest daughter of Mr. and Mrs. C. W. Parke, Red Deer. The little one had been confined to bed for a number of weeks with heart trouble, and although it was felt that she would never again be strong, death was not expected so suddenly.

Every attention was given the little one by the parents and members of the family, who all feel the loss keenly, and they have the warmest sympathy of their many friends. The funeral took place on Thursday afternoon at the Lyric Theatre. The pallbearers were Geraldine and Lulla Parke, sisters, Olla Hammond, cousin, and Daisy Gaetz, all dressed in white. Rev. Dr. Wilson conducted the service.

The casket was covered with wreaths and sprays.

The death occurred at Sylvan Lake on Wednesday, April 15th, of Alexander Humphill Wilkison.

The deceased gentleman was eighty-seven years of age, and had spent a strenuous life, dying peacefully of old age. He leaves a son, Ogden Wilkison, of Sylvan Lake, and daughter, Mrs. John Oliver, of Red Deer.

City of Red Deer
ASSESSMENT ROLL, 1914

Notice is hereby given that the Assessment Roll of the City of Red Deer, for the year 1914, has been prepared and is now open for inspection at my office in the City Hall, from ten a.m. to four p.m. on every day which is not a public holiday, except Saturday (and on that day from 10 a.m. to twelve o'clock noon), and that any ratepayer who desires to object to the assessment of himself or any other person must within twenty-one days after the date of this notice lodge his complaint in writing at my office.

Dated this 7th day of May, 1914.
J. M. MALCOLM, Assessor.

Card of Thanks

To those of my friends who have expressed their sympathy for me in my recent sad bereavement, and their esteem in many tangible ways for my late beloved partner in life, I beg to tender my heartfelt gratitude. The generous and unbounded tributes of respect paid, by my former staff of the Alberta Central Railway, the Alberta Club, the staff of the Alberta Ladies' College, the North Red Deer Council and many private friends, shall ever be revered by me as gracious expressions of true friendship, the inspiration of which, is, at the present time, a comfort to myself and those of my relatives who are left to mourn for the departed.

Ever yours,
J. GRANT-MACGREGOR,
Woodlands, Red Deer, Alberta.

Marine Disaster Fund

Mr. J. E. Oldford, of Penhold, received last week the following letter, which speaks for itself:

Dear Sir—The Relief Committee desire me to convey, through you, their hearty thanks to the people at Penhold and Red Deer who so generously contributed the sum of \$250.00 to the Marine Disasters Fund, which amount was received today from the Deputy Colonial Secretary.

The list of subscriptions will be published in to-morrow's papers in St. John.

Yours faithfully,
HON. TREASURER,
Marine Disasters Fund.
John E. Oldford, Esq.,
Penhold, Alberta.
